

WORKSHOPS AND TRAININGS

No.	Title	Venue	Year
1	CFD Basics and Applications	CDAC, Pune	2004
2	Advanced Course in CFD for Aerospace Applications	CDAC, Bangalore	2005
3	Computational Fluid Dynamics for Industrial Applications	IIT Bombay	2006
4	Computational Electromagnetism (CEM) and Calculation of Radar Cross Section(RCS)	CDAC, Bangalore	2006
5	CAE Applications for Missiles	RCI, Hyderabad	2007
6	Six Degrees of Freedom Modeling and Simulation of Aerospace Vehicles (by Prof Peter Zipfel, Univ. of Florida)	CDAC, Bangalore	2007
7	Computational Fluid Dynamics Research and Industrial Applications	SPCE, Mumbai	2007
8	CFD Basics and Application	NTPC, Noida	2007
9	Computational Methods in Electrochemical Corrosion	IIT Bombay	2008
10	Computer Aided Engineering for Industrial Applications	SPCE, Mumbai	2008
11	CFD Analysis in Chemical Engineering	IIT Bombay	2008
12	Computational Fluid Dynamics Research and Industrial Application	MIT, Pune	2008
13	Computer Aided Engineering for Marine Engineering	IIT Kharagpur	2008
14	Computational Electromagnetics: Basics and Applications	IETE/NARL Tirupati	2008
15	Numerical Methods for Conservation Laws for Compressible Flow	TBRL, Chandigarh	2009
16	CFD Basics and Application	NPCIL, Mumbai	2009
17	Finite Element Method for Antenna Electromagnetics Application Part I and II	SAC Ahmedabad	2010
18	Computational Electromagnetics and its Applications	CDAC, Bangalore	2011
19	Computational Fluid Dynamics: Design and Analysis	Hyderabad	2011
20	Computational Electromagnetics and RCS Prediction in Stealth Application	DL, Jodhpur (57)	2012
