

ZEUS NUMERIX

Unmatched
**Single Shot Kill
Probability**

**81mm Mortar Precision
Guidance Kit**

Fuze Setter
Input 10 digit GR

Not to Scale

Specifications

Range : 4000m

Accuracy : CEP<10m

Weight : 4.9 Kg

Sensors : Rugged GPS/IRNSS, dual INS, Long Life battery

Corrections : Approx 200m in line and range

Working

Latest guidance algorithms

Canards for line and range correction

Digital fire control with corrections for wind

Portable fuze setter to input target GR

Mission **POSSIBLE**

Engagement Safe Distance

Swift & Safe

Fire without bedding
No Forward OP Required

Reduced Logistics

Standard Conventional Laying

Precision Guidance Kit

Single shot kill of High Value
Target; No loss of surprise

Conventional Mortar
400m safe distance

PGK, 50m
safe distance

REDUCED
safe distance
ensures only
we can fire

HIGH VALUE TARGET

ABOUT US

Zeus Numerix is a defence company with smart and autonomous munition products. Zeus has end-to-end technology stacks and experience for these products like configuration design, rugged electronics, guidance and control algorithms to fabrication and firing trials. Precision Guidance Kit (PGK) for mortar and UAV Weaponization Kit (UVW with ejector rack and munitions) are two of our flagship products. Zeus has worked on 300+ defence problems in our 20+ years existence.

SPEAR Philosophy for Munitions Development

Small

Easy Logistics | Occupy Less Volume
Man Portable

Precise

Falls on target | Less collateral damage
Less number required

Effective

Less production cost
Less firing cost | Lethal

Autonomous

Deliver by machine
No human life risked | Less errors

Reliable

On time delivery | Safe in handling
Lethal when desired
